ICE! ICE!! ICE!!!

THE BOMBAY ICE MANUFACTURING COMPANY, Limited, having now completed the reconstruction of their Ice Factory at Mody Bay, have the pleasure to give notice hereby, that on and after WEDNESDAY, the 6th instant, the PRICE OF ICE WILL BE REDUCED to half an Anna a pound for retail quantities, and Rs. 2 a maund of 80 pounds for wholesale quantities.

The Company take this opportunity of thanking the public generally for the support accorded the institution since the destruction of the Mody Bay Factory by fire on the 13th May last year. Every precaution has been taken in reconstructing the Factory to guard against similar accidents in future. Many improvements have been introduced in the various processes of manufacture, and the company can now turn out in Bombay alone forty tons of clear transparent block ice in 24 hours, thus ensuring a regular supply.

The Company avail themselves of this the earliest possible occasion of reducing the price of ice to the former rate, and trust that their effort to meet the public requirements will ensure a continuance of the support hitherto accorded.

COMMERCIAL INTELLIGENCE.

THURSDAY EVENING, APRIL 30.

THERE has been no abatement this week of the anxiety felt regarding political affairs, on the contrary, up to the close of business this evening apprehensions of war had been rather gaining ground and business was accordingly very unsettled. Government Paper declined from Rs. 92½ to Rs. 90½ for 4 per cents., and even at the latter rate the tendency until late this afternoon was more in favour of selling than buying, whilst shares were very irregular, and indeed a general feeling was shown to reduce risks and stand clear prepared for any eventuality. The news received to-night however, if confirmed, points most conclusively to peace and a rapid change may therefore be looked for in the business front.

To recur to the business of the week though Cotton has shown an extent of dulness amounting to depression. Not only are the home advices adverse, but dealing as we are with what will probably turn out to be the smallest crop since the American war our market suffers under the double disadvantage of short demand and limited supplies. Up to date the deficiency in the receipts as compared with last year amounts to 328,000 bales and during the remainder of the season promises to be augmented by a further 75,000 to 1,00,000 bales. Seeds and Wheat have been strengthened of course by the same influence which depressed Cotton, and they are going forward in large quantities, but they do not fill the decrease in value of the latter article although larger in volume. Imports are very dull, with perhaps the one exception of Coal which is always affected by the prospect of war. The off-take of Piece Goods is under the average and prices tend downwards. Freights are very firm at about 28s. 9d. to 30s. per ton for May loading. Money is becoming very tight and promises to interfere seriously with business, especially in Exports as the banks are very cautious about their engagements and Exchange on London is being forced up in consequence.

MONEY.—The position of the market has undergone a material change this week, the first symptom of which was apparent in the return of the Bank of Bombay issued on Monday. This showed an increase in the trade demand of about 18 lakhs, and as it was well known that Government requirements would be heavy while the exchange banks were unable to recruit their finances rapidly owing to the practical suspension of the Secretary of State's telegraphic drawings, it was at once manifest that the upward movement, which had been more or less anticipated for some little time, was at hand. No one therefore was much surprised by the Bank of Bombay's minimum being raised from 6 to 7 per cent. the same day and again to 8 per cent. on Wednesday. In fact in the outside market it is generally anticipated that the minimum will be further advanced before long, as although it may not be long lived the position renders a temporary squeeze pretty certain. It is true we have only five to six weeks of our Export season left, but that very fact will tend to make the pressure all the stronger while it lasts, as the banks will naturally be averse to laying down more funds than they are absolutely compelled to immediately before the setting in of the monsoon. Should peace be definitely arranged and government expenditure on war preparations suspended at an early date, the strain would of course be at once relaxed, and probably the hope of that has tended to stave off the advance in rates of discount larger than would otherwise have been the case; but such a termination of the complications as this evening's news foreshadows does not necessarily mean an abandonment of precautionary measures on the part of Government and that being so will be sufficient to ensure dear money until towards the end of June.

EXCHANGE.—The upward tendency in Sterling Exchange has been maintained during the week, and we close to an advance of ¼d. per rupee on our quotations of Thursday last. Before last steamer left a rise of 1-32d. had already been established and we opened on Saturday at 1s. 7 5-32d. for demand Bank bills, and 1s. 7 7-16d. for 3 months' Credits. During the day these rates had 1-32d. added to them, and again on Monday after the advance in the Bank of Bombay rate was known a further 1-32d. of a rise was quoted. On Tuesday the upward movement was a full 1-16d. as merchants having taken alarm were free sellers of bills, and yesterday another 1-16d. was added. To-day, the result of yesterday's biddings for Council drafts in London and the very firm appearance of the money market has made the banks most unwilling buyers especially for near delivery, and while they have only raised their own drawing rates 1-16d., they have put up buying quotations 3-32d., making closing rates :—

Bank Bills on demand	.....	1s. 7d.	per rupee.
Do. Telegraphic Transfer	...	1s. 7 3-32d.	,,
Do. 4 months' sight	.....	1s. 7 7-32d.	,,
Do. 4	,,	1s. 7 9-16d.	,,
Do. 6	,,	1s. 7 23-32d.	,,
Credits 3	,,	1s. 7 21-32d.	,,
Do. 6	,,	1s. 7 13-16d.	,,
Documents 3	,,	1s. 7 11-16d.	,,
Do. 6	,,	1s. 7 27-32d.	,,
Francs 3	,,	2·08	,,
Do. 6	,,	2·04½	,,

Even at these enhanced figures, the banks at the close of business were rather making it a favor to buy at all. Some indications that a further material advance was being counted on as little short of a certainty and the probability of 1s. 8d. being established for demand bank bills was freely discussed. Nor by the lights then existing did that level seem by any means a remote contingency, as a war with Russia meant very wide possibilities as to the future of the rupee. With war out of the programme however, the prospective position undergoes a material change. Tightness of the money market may keep rates pretty firm for a time, but this will attract large supplies of Silver, and later on a set in the export season, as ever since the demand for remittance to this side at an end, we may find Government in the market again as willing sellers of their draft in India either by the Mail or wire.

Yesterday's biddings for Council drafts in London resulted in Rs. 20,000 being alloted on Calcutta, and Rs. 9,30,000 on Bombay, by Mail at 1s. 7d. 3-16d. and 2 lakhs on Calcutta by wire at 1s. 7 5-16d. Bar Silver in London has advanced to 49¾d. per doz. and shipments are reported by yesterday's P. & O. steamer from London of £100,000 making a total of £260,000 on Boat in addition to £1,20,000 in gold. The mint return published to-day shows Silver in hand amounting to Rs. 74,45,835 now coins to the extent of 15 lakhs having been issued during the week.

GOVERNMENT PAPER.—The market this week having the two adverse influences of political advices and dear money to contend with has been dull and declining throughout, finding its greatest point of depression at the close of business to-day. Last Thursday Fours were quoted at Rs. 29½, but on Mail day they steadied up to about Rs. 93 which remained the quotation practically until Monday, when the rise in the Bank of Bombay rate induced a reaction to Rs. 92½. On Tuesday a temporary recovery to Rs. 93 1-16 took place, but during the afternoon it was lost and yesterday with money again dearer the rate dropped to Rs. 92½. To-day something like a panic was apparent, party no doubt owing to political anticipations, but mainly to the aspect of the money market, a report having been circulated in the bazaar, which although it carried absurdity on the face of it found credence with some that the Bank of Bombay refused to advance on paper unless with 20 per cent margin. Sellers came out at Rs. 91½ then at Rs. 91¼ and finally at Rs. 90½ which we must of course give as the closing rate. The telegrams in from London since however will without doubt place a very different complexion on the market, and although money may prevent such an important rise as might otherwise have ensued there can be little question, but we shall see an improvement to-morrow. Fours-and-a-half are nominal at Rs. 96½.

SHARES.—Like almost everything else shares have been materially depressed by the unsettled state of political affairs, and a general decline in values has taken place during the week. In *Spinning and Weaving* Mills a general fall of Rs. 10 to Rs. 15 has taken place, but the decline in the value of the raw staple has tended to check the fall somewhat, and the question whether the depression is quite so marked as before the reported settlement of the Franco-Chinese dispute. *Press* Companies are all weak naturally enough owing to the unfavorable out-turn of the Cotton Crops. Prince of Wales have given way Rs. 25, Berar and Albert of Kurrachee Rs. 15, Mofussil Rs. 10, and New Indian Rs. 5. A number of other Companies remain nominally unchanged in the absence of business, but they are mostly very unsaleable. In *Banks* the movements have been mainly in Bank of Bombays which recovered for a time to Rs. 695, to close again at Rs. 690. In the *Miscellaneous* list, Bombay-Burmah Trading have declined Rs. 75 in old, Rs. 5 in new shares. Bombay Saw Mills are Rs. 25 lower. Ice Co., have receded Rs. 2. PortCannings are easier by Rs. 5. Cash Bazaar, Ld., are down to Rs. 24, a discount of 76 per cent. and shop shares generally are adversely affected in sympathy. The time of trial for most of these concerns has not yet come, but when the vendor's guarantees expire and their shares come into the market only the best of them will survive. Flour Mills are firm but unchanged.

IMPORTS.

PIECE-GOODS have remained in the same dull inactive state throughout the week, as we reported in our last weekly issue. Although a war with Russia would not have affected the real consumption of English Piece Goods in India by a hundred packages per annum, still the mere possibility of it alarmed dealers who endeavoured to contract their risks as much as possible. There has accordingly been decidedly more disposition shown to sell than buy especially as that course has been favoured by weaker advices from Manchester and higher exchange. From the bazaar the clearances are put it about 2,000 to 2,500 packages only, and prices are generally the turn in favour of buyers. Stocks are large still and, however, politics may go few people believe in any important revival of business until the setting in of the new season.

TWIST.—The market for English Yarns is slack in the extreme, and the clearances during the week have been small both from offices and the bazaar. Quotations are in some cases 1-16 to ⅛ anna per lb. lower. For local yarns the enquiry has been fairly good all things considered, and about 4,000 packages are reported to have changed hands.

METALS.—*Copper* has been depressed by cheaper offers from home combined with absence of demand here, and quotations are As. 8 to Rs. 1 per cwt. lower. In *Yellow Metal* a decline of As. 8 per cwt. has been established for similar reasons and the market looks very dull. *Iron* is quiet but steady.

COAL.—There has been in active demand for Cardiff to arrive for steamer purposes, and sales have been made at Rs. 16 to Rs. 17 alongside for Powells Dufferin. West Hartly however has by no means shared in the advanced the mills which are the chief consumers being pretty well stocked for the time being, and consequently in different buyers. Davisons has been done at Rs. 15 up to Rs. 15-8 per ready, and Rs. 16 per ton alongside for April-May shipment.

EXPORTS.

COTTON.—The depression in the market for the staple latterly has been very great, and instead of having one of the smallest, we might be having one of the largest crops on record to handle, from the indifference buyers show about offering. The main source of the dulness apparently has been New York where they had to all appearances made up their minds that war between England and Russia was inevitable. But on the Continent too Spinners have been quite indifferent about buying and even at reduced prices the orders coming forward have been few and unimportant. The purchases in Bombay for export during the week have not been more we should say than about 7,500 bales consisting mainly of Broach and Dholleras. The former growth having constituted a large proportion of the supplies has been rather pressed for sale, and the prince has fallen Rs. 12 to Rs. 13 per candy, so that fine Broach is now worth only about 1-16d. over fine Dhollera the latter growth being much more difficult to buy. Omras are only about Rs. 2 lower having been more depressed than other kinds previously.

The movements of the staple since last mail left as shown by the subjoined figures are worthy of close attention. With now only about five to six weeks between us and the probable opening of the monsoon the receipts continue to lose around daily and the shipments even more. A number of people have now put down their estimates of the season's shipments to 650,000 bales, but if to-day's news means that war is out of the way we still think we may be over the 700,000 bales, as however short the crop we are bound to have large arrivals of Bhownuggers and Dholleras during May. Over 750,000 bales however we regard as practically impossible and there is bound to be a squeeze for Cotton in the autumn.

The movements of Cotton to date show the the following comparisons with the two previous years :—

WHEAT.—In the early part of the week a quiet tone prevaded the market, and although sellers continued pretty firm having mostly sold freely ahead the demand on the part of exporters was slow and prices practically remained on the basis of Rs. 5-12½ to Rs. 5-13 for No. 1 White Pessy. The last day or two however a strong warlike feeling has prevailed and before the latest telegrams were known this evening prices were firm at Rs. 3-14 for No. 1 soft White, Rs. 3-12½ for No. 1 Club Delhi and Rs. 3-9 per cwt. for Soft Red Ahmedabad. Crop accounts are not quite so favorable as they were more especially in the matter of quality.

SEEDS.—*Linseed* is arriving pretty but the rise in Freights and Exchange checks business and we quote Rs. 5-13 to Rs. 5-13½ per cwt. *Rapeseed* is in full supply and we quote Yellow Guzerat Rs 5-14, Yellow Cawnpore Rs. 5-12, Red Rs. 5, 1 per cwt. The Bombay Gazette

FRIDAY, MAY 1, 1885.

THE announcement made in the *Times* yesterday, of what at first sight looked like a surrender all along the line, was heard with stupefaction in Bombay last evening. That the British Government should offer to delimitate the Afghan frontier in accordance with the Russian claim, was the last thing which was expected. What the effect on English opinion has been, we do not yet

THE GOVERNMENT AND RUSSIA.

CONCESSION OF THE RUSSIAN DEMANDS.

LONDON, APRIL 30.

The *Times* in a leading article announces that the British proposal to the Russian Government is that an inquiry be instituted into the Penjdeh affair, and is coupled with an offer of delimitation of the frontier according to the Russian sense; subject, however, to the indispensable condition that Russia gives by treaty a clear and unconditional guarantee that she will not under any circumstances attempt to seize Herat.

TURKEY ARMING.

MR. HASTIE'S INSOLVENCY.

(FROM OUR OWN CORRESPONDENT.)

CALCUTTA, APRIL 30.

In the Rev. Mr. Hastie's case, which came on for hearing yesterday, the defendant appeared in person with two affidavits. They disclosed the facts connected with his present position and future prospects as minister of the Church of Scotland. His prospects, he said, have been blasted by the judgments of the High Court.

After some discussion Mr. Justice Wilson said that as the money now in the hands of the Official Assignee, or secured to him, was very near one third of Mr. Hastie's schedule debts, he would get an unconditional discharge.

In the course of his address Mr. Hastie characterised the Presidency Jail as a disgrace to English civilization in India.

He left Calcutta last night for Bombay. Several Rajas and leading members of the Hindu community met at the Howrah station to wish him good-bye.

SHIPPING CASUALTY.

A marine court assembled at noon to-day at the Port Commissioner's offices to inquire into the circumstances attending the stranding of the ship Glenlui.

THE SHOOTING OF THE MADRAS ARMY.

(FROM OUR OWN CORRESPONDENT.)

MADRAS, APRIL 30.

A comparative return just issued by the Adjutant-General shows great improvement in the shooting of the Madras cavalry and infantry during 1884-5. The average cavalry figure of merit stands at 73·69 against 56·89 in the previous year. The average infantry figure of merit is 102·84 against 82·12 in the previous year. Eleven regiments are classified as very good. This is undoubtedly due to the efforts of Sir Frederick Roberts to improve the shooting of the Madras Army.

THE committee appointed the previous day to take steps for the formation of a Volunteer Reserve for Bombay met at the Chamber of Commerce last night under the presidency of Lieut-Colonel Bisset. Lieut-Colonel the Hon. L. H. Bayley was appointed permanent chairman, Captain Roughton consented to act as hon. secretary, and a working subcommittee was nominated. A letter from Brigadier-General Edwardes was read, in which a scheme for the organization of the force was sketched. On the motion of Mr. Rivett-Carnac, to whom it had been addressed, the letter was referred to the sub-committee to draw up a detailed scheme on the basis suggested and to invite residents in Bombay to associate themselves with the movement.

A SALUTE of eleven guns was fired yesterday to announce the departure of His Highness the Nawab of Radhanpore.

THE privilege leave for two months granted to Mr. F. J. A. Hill, Assistant Collector of Salt Revenue, has been commuted retrospectively into leave on medical certificate for one year.

MR. MUIR-MACKENZIE, C.S., Forest Settlement and Demarcation Officer, Satara, has been allowed furlough for two years and a half.

MR. A. E. SPRING, Assistant Superintendent, Poona and Nasik Revenue Survey, has been allowed privilege leave for two months.

COLONEL LINDSAY, R. E., is now in the Bolan, where work upon the new railway up the pass will be immediately begun.

COLONEL SANDFORD, Deputy Quartermaster-General, has returned to Simla and is drawing up a report of his tour in the trans-Indus districts in connection with the proposed new road to Peshin, to the north of the Harnai route.

THE Allahabad paper thinks the time is ripe for a Military Mission to Teheran to ascertain the Shah's views and secure the good offices of Persia, already evidently predisposed in our favour.

No Bombay or Madras mails arrived in Calcutta on Monday morning, the mail-train on the G. I. P. Railway not having arrived at Jubbulpore when the down mail left for Calcutta.

THE statement that Major Nicholson, R.E., is not to proceed to Herat, because the Amir expressed apprehension of the hostility of the tribesmen, as an element of danger to English officers travelling in Afghanistan, is said to be incorrect. No proposal has been made to the Amir to send officers from India to Herat.

GENERAL T. GORDON has been in Simla for the last few days, writing a report in connection with his special duties with the Amir. General Gordon was to leave yesterday for Bareilly, where he would resume command of the Rohilkund District.

FROM the Bombay Presidency Season Reports for the week ending the 28th ult., it appears that there has been slight rain in parts of six districts. The standing crops have been slightly damaged by floods in parts of Kurrachee. The rabi harvest still continues in parts of Surat, Shikarpur, and Upper Sind Frontier. Preparations for kharif crops are in progress in parts of five districts. A scarcity of drinking water continues in parts of seven talukas of Dharwar and four of Belgaum, and of fodder in parts of three talukas of Dharwar and four of Belgaum. Cholera and small-pox prevail in parts of thirteen, and fever and cattle-disease in parts of nine districts.

THE foreigners who were arrested by the military at the Fort Glacis, Madras, and handed over to the police as Russian spies, turn out to be Turks, Having satisfied Mr. Simpson, the Deputy Commissioner of Police, that they were travellers, by the production of a passport signed by the authorities at Alexandria, the men were set free, but the police have been warned to have a watch on their movements.

THE Nizam's State Railway has, under instructions from the Secretary of State for India, been formally made over to the Chanday Company, but the transfer is to date from the 1st of January last. It is said that no change is to be made in the office establishments till the month of June next, when some of the most experienced hands will be taken over by the new company, and others transferred or recommended for employment on other lines. Mr. Furnival, who is in charge as Manager and Chief Engineer for the new company, is said to have expressed his intention not to allow a single subordinate of the present railway to suffer any loss by the new arrangement.

IT appears from a telegram to an up-country paper that no fewer than twenty-four followers died on the 4th and 5th ult. during the storm on the Paropamisus, in spite of every effort that was made to save life. Several officers remaining at Chasma-i-Sabz rescued numbers from death. On the 5th, when the storm had abated a little, much baggage was looted, partly by the natives and partly by transport drivers. Many are suffering from frost-bite and exposure, and many animals have died. The correspondent says that the Afghans rendered little or no assistance.

THE correspondent of the *Pioneer*, telegraphing from Tirpal on the 16th ult., says:—"In the Commission generally there is much anxiety about the future. Afghan feeling would scarcely tolerate a repetition of the Penjdeh episode. The full extent of Russian violence during the past two months is not publicly known, the ministerial statements being, to say the least of it, reserved. To spend an idle summer here it is felt would be undesirable and unpopular; for British prestige and the dignity of the Commission demand a prompt vindication of the delays that have been so injurious and unjustifiable."

SIR ROBERT SANDEMAN has returned from Sii to Quetta. On the 1st of April he held a big durbar in the Durbar Hall, at which all the maliks and headmen of the Quetta and Peshin districts were present. The Governor-General's Agent, in a speech which is described as able and eloquent, pointed out to them that now was their opportunity of showing their loyalty and gratitude to the "Sirkar Angrez," under whose protection they had lived so safely and fearlessly. He explained that large supplies were urgently needed, and asked them to assist, as much as lay in their power, the District Officers in the collection of supplies. The maliks, one and all, eagerly agreed to do all that Sir Robert asked of them, and expressed their willingness to show their gratitude by doing *khidmat*. The various Political Agents have been very busy indeed for the last few weeks in collecting supplies for the "Army of Observation." Mr. Bruce has been doing yeoman's service at Sibi and in the Bolan, while Mr. Barnes has been working equally hard here and in Peshin.

THE High Court of Pondicherry is engaged with the trial of M. J. Delafon, late *gruffier en chef, Cour D'Appel*, Pondicherry, who is accused of having made away with the funds of the Court to the extent, in the first place, of about Rs. 80,000. Although the court sits until nine or ten o'clock every night, only one-half of the sixty-six witnesses have as yet been examined. The friends of M. Delafon, in France, remitted a sum sufficient to clear the account, but Government having refused to withdraw the criminal charges the amount has not been paid.

A PARTY of forty of the 2-1 Scottish Division, Fort William, left Calcutta on Saturday last for Fort Fulta, to place it ready for defence. It is a wretched hole, as no garrison can remain more than a week in it without being knocked up with malarial fever. The park sergeant in charge has to be relieved weekly owing to this cause.

GREAT inconvenience having been experienced owing to non-commissioned officers of the Army in India registering their names for employment with the Auxiliary Forces in the United Kingdom, and afterwards declining the appointments, the Commander-in-Chief has notified in Orders that they will not be allowed to decline such appointments in future after the order for their return home has been issued.

A SMALL detachment of the 7th Bengal Cavalry will be detained at Calcutta until after the departure of the Lieutenant-Governor, when it will rejoin head-quarters.

A VERY small percentage of the best shots of the Calcutta Volunteer Rifles qualified to shoot for the Presidency Silver Medal availed themselves of the privilege of shooting on Saturday last, and those who shot made very indifferent scores. The want of interest shown by those in command in this contest, and in the contest for the Indo-Wimbledon team, is very remarkable.

CAPTAIN L. L. STEELE, 2nd East Yorkshire Regiment, has been appointed an extra aide-de-camp on the personal staff of His Excellency the Governor.

THE Rev. J. H. T. Blunt, M. A., Chaplain of Kirkee, has been granted privilege leave for three months. The Rev. P. H. Le Febvre, B.A., will officiate during his absence.

THE HON'BLE JAMES GIBBS, C.S.I., C.I.E.

AFTER a public service extending over forty years, the Hon'ble James Gibbs, C. S. I., C. I. E., Senior Member of the Council of the Governor-General, bids India farewell to-day. The career of few members of the Civil Service has been attended with such uniform success as that of Mr. Gibbs. To the performance of all his duties, whether in private life or in his official capacity, he brought into play a singular amount of tact, good-nature, and *bonhommie*, which won him general respect and esteem. He leaves India to-day as one of the most popular men of the day.

Mr. Gibbs entered the service of the Honourable East India Company on 7th December, 1846, but within a year after his arrival was obliged to return to England on medical certificate for two years. On his return to India in 1850, and passing in the native languages, he was appointed Assistant Judge and Session Judge at Surat, in April, 1851. He was next appointed, in November, 1852, Senior Assistant Judge and Session Judge at the detached station of Broach. On hearing that he was to be appointed elsewhere, the people addressed Government praying that arrangements might be made to retain his services at that station. In December, 1853, he was appointed Judicial Assistant to the then Commissioner in Sind (the late Sir Bartle Frere.) The duties of this office consisted in being the Judge of the Commissioner's Court, the highest court of appeal in civil causes—in reviewing all criminal cases tried by the judges of the different divisions of the province, in which the punishment awarded exceeded seven years' imprisonment,—and in recommending for confirmation or otherwise all capital sentences passed by the different sessions courts, and which required the approval of the Governor in Council previous to their being carried into execution. In addition to the above judicial duties, the Judicial Assistant had to supervise the entire Judicial and Police administration of the province. In 1855, on the departure of Mr. Ellis (now Sir Barrow Ellis, K. C. S. I.), Mr. Gibbs received charge of the duties of Political Assistant to the Commissioner, and continued from that date to perform them in addition to those of Judicial Assistant. During the period of Sir Bartle Frere's visit to England on medical certificate in 1856-57, the late Brigadier-General John Jacob, C. B., Commandant-in-Chief of the Sind Horse, and Political Superintendent N.-W. Frontier, acted as Commissioner in Sind until he left to take command of the Cavalry Division of the Persian Army in March, 1857, when he addressed Mr. Gibbs as follows:—

"Kurrachee, 28th February, 1857.

"SIR,—Being on the point of quitting the province to embark for active service in Persia, I beg to express my acknowledgments, and request that you will accept my grateful thanks for all the most valuable and cordial aid and support which I have received from you during the eventful period I have presided over the Administration of Sind. 2. It is only justice towards yourself, and I beg to assure you that I feel it to be no less a pleasure than a duty on my own part, now, on the eve of my departure, to record the high and grateful sense which I entertain of the most able and meritorious manner in which you have invariably performed the numerous important and onerous duties of Assistant Commissioner during the time I have been in office. 3. I beg to offer my best wishes for your future advancement in the service, and to express my hope that your useful and honourable labours may be long continued in health and happiness."

For a report on the Judicial Administration of Sind under the Talpoor dynasty and continued under the British Government to the year 1857, Mr. Gibbs received the following resolution by the Government of Bombay, dated March, 1857:—

"This able report, which possesses the rare merit of not containing a single superfluous remark, affords a clear sketch of the Judicial Administration in Sind when under the Talpoor dynasty, and of its progress since the conquest to the present period. The results exhibited prove that substantial justice, both civil and criminal, is administered carefully and expeditiously, to the satisfaction of the general population. The Right Hon. the Governor in Council is pleased to direct that this report be printed, and the Commissioner in Sind is requested to convey to Mr. Gibbs the commendation of Government for his able report, and for the general efficiency with which he conducts his important duties."

The late Hon. Court of Directors of the East India Company, to whom the report was forwarded by the Governor of Bombay, acknowledged it in their despatch, dated 9th December, 1857, No. 17, as follows:—

"This report is very creditable to Mr. Gibbs, and highly gratifying, as showing that justice is administered with great efficiency, and to the satisfaction of the people."

In forwarding the above, Sir Bartle Frere remarked:—

"I have very great gratification in being the medium of communicating the commendation of Government in a case where I have such peculiarly good reason to know or that it is well earned."

During the entire period of the Mutinies in 1857-58, Mr. Gibbs assisted Sir Bartle Frere in all those additional and highly important duties which the circumstances of that eventful period threw upon that statesman. He was placed in charge of the post-office in Sind, under the confidential circular of the Governor-General, and this, together with arrangements for obtaining intelligence in Kurrachee as to the feelings of the N.I. Regiments, and the large mass of confidential correspondence arising from the outbreak, added very greatly to his already heavy labours. When Bombay in person went down to meet the 21st Regiment N.I. mutinied and was disarmed, and by his arrangements enabled Sir Bartle Frere, who was at Clifton, three miles off, to be present also. From the official list of those present on that occasion, which was prepared during his temporary absence from Kurrachee, by an oversight in the office his name was omitted. This having accidentally been discovered some months after, Sir Bartle Frere, then in the Supreme Council at Calcutta, addressed the Government of Bombay as follows, under date 19th May, 1860:—

"To the Secretary to Government, Political Department, Bombay.

"SIR,—With reference to my letter of the 28th November last, relative to the services of the police and other civil officers during the years 1857-58, I beg to be allowed, even at this late hour, to supply the unintentional omission of the name of Mr. James Gibbs, C.S., Judicial Assistant Commissioner. On the night when a portion of the 21st Regiment N.I. mutinied, Mr. Gibbs volunteered to visit the Treasury when it was a matter of doubt which regiment of the two native corps at the station had furnished the guard. After ascertaining that the guard belonged to the 14th N.I., which was not suspected of disaffection, Mr. Gibbs joined me, and having been present at the disarming of the 21st N.I., returned to the mass of the 2nd European Regiment to inform the families who had taken refuge there earlier in the night, that there was no longer ground for apprehension. The omission of Mr. Gibbs' name from my previous letter might have been misunderstood, I gladly avail myself of the present opportunity of acknowledging the valuable aid, which on every occasion, as well as on that more particularly referred to, I received from Mr. Gibbs throughout the trying period of 1857-58."

Owing to the excellent arrangements which, under the supervision of the Commissioner, had been made in anticipation of the rising of the 21st Regiment N.I., the disarming took place before the men, many of whose muskets were found loaded, could use them, and hence "from not having been under fire," the mutiny medal was refused to Sir Bartle Frere and those present, whereas had the preparations been less perfect, and the sepoys had time to use their muskets, all present would have been decorated with the medal. In the year 1859 Mr. Gibbs was appointed, under a special commission, to try the rebel chiefs of the Nuggur Parkur districts for high treason, with extraordinary powers to pass such sentences as he might consider necessary, without previous reference to Government, and in acknowledging his proceedings, Government passed the following resolution:—

"Extract of Government letter No. 2,490 of 9th June, 1860, Political Department, acknowledging the proceedings of the Special Commissioner for the trial of the Rana of Nuggur Parkur and other rebels for high treason and murder:—This trial has been conducted with great care and intelligence by Mr. Gibbs; and the Honourable the Governor in Council approves of the conviction of treason recorded against the prisoners. The Honourable the Governor in Council also approves of the sentences passed against the prisoners."

Sind, being a non-regulation province, was not governed by the letter of the Code of 1827, but by its spirit, and in order to regulate the procedure, Mr. Gibbs compiled, under the title of "Circular Orders," a code for the guidance of the judicial officers in that province, which was printed by Government, and published for general use. Mr. Gibbs remained in Sind until September, 1860, when he was ordered to the Presidency on special duty with reference to the Income-tax Act, then just passed through the Legislative Council of India by the late Mr. Wilson, being first appointed Special Commissioner, but subsequently, in addition, President of the General Commission and Collector of the Tax, thus having, for the town and island of Bombay, such a thankless management of that unpopular measure. On leaving India on furlough in February, 1862, he received, with the permission of Government, the thanks of the Chamber of Commerce and the Bombay Association for the manner in which he had conducted the office of the Income-tax. While his brother Commissioners forwarded to him the following letter:—

"From the Income-tax Commission, town and island of Bombay. To James Gibbs, Esq., President.

"SIR,—In taking leave of you on your departure on furlough, we, your coadjutors in the Income-tax Commission, beg to congratulate you on the success which has attended your efforts as shown by the behalf of University by some substantial memorial. Bearing in mind your long, useful, and honourable course in the public service, and in the Government of this Presidency, it appears to us that this memorial may well and appropriately take the form of a section of the University library, comprising a collection of the principal works in all languages on political science in its several departments. By compliance with this suggestion, members of the University will, we hope, for many generations, while they are inmates of the Hall, be reminded of your tinguished public servant whose name it is to bear, become imbued with the public spirit and the liberal principles which, with his abounding kindness of disposition, have endeared him to us and to the whole community. As your official labours, sir, have been of a various and far-reaching kind, so have they won for you the affection and respect of widely severed classes. Hence many who are not members of this University, but who value and respect your public character no less than ourselves, have sought to join in the memorial which we propose to establish. You will, we trust, not dissent from our opinion, that we might well accept this co-operation as an appropriate testimony to your public worth, and corroboration of our own sentiments of gratitude and regard. Accept, sir, in conclusion our assurance, that in your honoured retirement you will be accompanied always by our best wishes as by our sincere regrets. We venture to hope that the Almighty will bless you with many pleasant days; and that amongst the subjects of your interest the progress of this University, answering to the care and the exertions you have given to its service, may ever be such as to satisfy your hopes and to enhance your happiness.

The Freemasons of Bombay honoured Mr. Gibbs on three different occasions in the month of March, 1879. On the 18th March, 1879, Sir Richard Temple entertained Mr. Gibbs at a farewell banquet at Government House, to which were invited not only all the heads of departments, but a large number of the leading non-official citizens of Bombay. On the 22nd March, 1879, Mr. Gibbs was entertained at a dinner given by the Byculla Club. The president, Mr. Justice Bayley, proposed the health of the guest of the evening; and after touching briefly on the judicial, legislative, social, academical, and other qualities of Mr. Gibbs, said:—"I feel quite sure that wherever he may be hereafter, wherever he may settle himself in after-life, in what sphere of work he may be done, either in what appears to be the rapidly deteriorating climate of England, the more sunny south of France, or, like my very learned and able predecessor in the High Court, my old friend Sir Joseph Arnould, on the sunny slopes and classic soil of Italy, James Gibbs will always bear away with him, the kind recollections and the esteem of vast numbers of European and native inhabitants, not only of this city but of this Presidency with whom he has come in contact, and he will carry away with him from no place and from no men greater esteem, greater respect and more fervent wishes for his future welfare than from the members of the Byculla Club."

At a meeting held on the 1st April, 1879, the Bombay Branch of the Royal Asiatic Society voted thanks to Mr. Gibbs in the following resolution:—"That the most cordial thanks of the Society be presented to the Hon'ble James Gibbs, who has intimated his resignation of the office of President, for his assiduous and zealous, efforts to promote the prosperity of the Society, for his constant attention to the affairs, the correspondence relating to the ancient coins and the arrangement of the coin collection, and also the assistance he has generally rendered to the Committee not only in connection with numismatic inquiries, but in respect of all subjects coming before them. The members now present express their regret at the retirement of the hon'ble gentleman, but trust that, his health being maintained in Europe, he may yet render many services to the Society and to India in general."

In March, 1880, Mr. Gibbs was appointed to the Governor-General's Council by warrant dated the 7th March. On this Mr. Gibbs resigned the Bombay Civil Service. He left England on 7th April, and took his seat in Council at Simla on 10th May. By this appointment he became *ex-officio* for life a Member and Companion of the Order of the Indian Empire, and since April, 1882, he had been the Senior Member of the Council of the Governor-General. He had charge of the Home Department and Public Works Department until the Hon. Mr. Hope was appointment to the Public Works Department in 1882. Since then Mr. Gibbs was in charge of the Home Department only. Mr. Gibbs was President in Council during the absence of the Governor-General, Lord Ripon, in 1883. He was President of the Bengal Branch of the Royal Asiatic Society, and contributed papers on various subjects both to the proceedings and the journal. Mr. Gibbs supported Lord Ripon during the discussion on the Ilbert Bill, the Education scheme, and the extension of local self-government.

During the last week Mr. Gibbs was entertained by the Freemasons of Bombay at communications of the District Grand Lodge and the Grand Lodge of all Scottish Freemasonry in India. On Wednesday last an evening party was given in his honour by the Hon. Rao Saheb V. N. Mandlik, C.S.I. Yesterday afternoon his friends and admirers met him at Petit Hall, Malabar Hill. The same evening a dramatic entertainment was provided for him by the Raja of Jawhar, the Hon. Sir Jamsetjee Jejeebhoy, and the Hon. Mr. Mandlik. The play selected for performance in Hindustanee was entitled "Tilsam-e-Jamshid," specially arranged by Mr. N. R. Ranina for the members of the Alfred Dramatic Company.

ENTERTAINMENT TO THE HON. MR. GIBBS.

THE Hon. Mr. James Gibbs was entertained at an afternoon party yesterday by his friends and admirers at the residence of Mr. Dinshaw Manockjee Petit, Malabar Hill. The distinguished guest was met by a large number of prominent European and native citizens. Mr. Gibbs was received by Mr. Dinshaw Manockjee Petit and Mr. Dosabhoy Framjee, who led him into the grand reception room of the hall, where a number of gentlemen were introduced to him. Mr. Gibbs passed some time in conversing with his friends and acquaintances, after which an adjournment was made to a refreshment room. Mr. Dosabhoy Framjee's request to drink to the health of the guest of the evening was heartily responded to, as also his call for three cheers. Before leaving Mr. Dinshaw Manockjee Petit placed a garland of flowers round the neck of Mr. Gibbs, and presented him with a bouquet which had been sprinkled with rose water; and he was loudly cheered as he drove away. There was a good band in attendance, and it played several tunes at intervals. The party was a thorough success, and everything was arranged on a grand scale.

At the Royal Theatre, Grant-road, a treat was provided for Mr. Gibbs in the shape of a Hindustani play, performed by the Alfred Dramatic Company. Invitations had been issued for the occasion to a large number of Europeans and natives in the name of His Highness the Raja of Jowhar, the Hon. Sir Jamsetjee Jejeebhoy, and the Hon. Rao Saheb V. N. Mandlik. The play, which is called "Tilesem-e-Jamshed," was the same that was recently successfully performed before the departing Governor, Sir James Fergusson. The company is under the direct supervision of Mr. N. R. Ranina, to whom was mainly due to the success of last night's entertainment. The acting was good, and the scenery of royal gardens, fairy land, and enchanted castles was lovely. At the conclusion of the performance, flowers were presented to Mr. Gibbs.

VISIT OF THE GAEKWAR TO BOMBAY.

YESTERDAY afternoon His Highness the Gaekwar of Baroda, accompanied by his Dewan, Cazi Shahbudeen, and some of his other principal officials, arrived here by a special train from Bandora in order to have a look at the city. At the invitation of the committee which has been appointed to give a fitting reception to His Highness, a large gathering, representative of all classes of the native community, had assembled at the Grant-road station. The platform was decorated with bunting, and twenty-five men of the Poona Horse under Captain Forster, and a detachment of the 21st Native Infantry, paraded outside the station. The arrival of the train was announced by a salute of fog signals, and on alighting from his saloon His Highness was received by a deputation on behalf of Government. The Hon. Sir Jamsetjee Jejeebhoy, as the head of the reception committee, conducted the young prince to a seat specially reserved for him. After the Gaekwar had been introduced to some of the leading citizens, Sir Jamsetjee placed a beautiful garland of flowers round his neck. Flowers having also been presented to the Dewan and other members of the Maharaja's party, His Highness proceeded to a carriage-and-four that was in readiness for him, and, accompanied by Mr. Mouteath, Under-Secretary to Government, and Cazi Shahbudeen, drove through some of the principal thoroughfares of the town. A regular procession had been formed, with the detachment of the Poona Horse and about a dozen of His Highness's sowars, picturesquely arrayed in red and yellow, forming an escort. Starting from Grant-road, His Highness was driven through Bhendy Bazaar and Kalbadevi, where the procession was witnessed by large numbers of people. Some members of the Bombay Native Library who had assembled near Mombadevi-road, greeted His Highness with a good deal of cheering, and showered down flowers on him. At Money School the procession turned into the Crawford Market, and going past the Borebunder station, went into Parsee Bazaar street, where the road was crowded with large numbers of Parsees, every window having its full complement of sight-seers. In this street is situated a fire-temple, where the priests, being the Gaekwar's subjects hailing from Nowsari, had mustered strong under their present leader, Dustoor Jamaspjee, to give the prince a cordial welcome. His Highness's carriage having been stopped at this place, the venerable dustoor walked up to the Maharaja, and on behalf of his priestly following presented him with a garland of flowers, which was graciously accepted. The dustoor then pronounced a few words of benediction in the sacred tongues, wishing the prince all the happiness of this world. The procession then went round Elphinstone Circle, and the distinguished visitor on his way to the Colaba station of the B. B. and C. I. R. Company was afforded an opportunity of witnessing the Rajabai Tower, whose joy-bells were pealing forth a merry welcome for the occasion. The High Court, the Secretariat, and other stately piles of buildings, which have sprung up in this locality within the last fifteen years. The Colaba station, whence His Highness returned to Bandora, was prettily decorated. As a child of the station master presented him with a bouquet. As the train steamed away, the Maharaja was heartily cheered by those present on the platforms.

The following were among those present to receive His Highness at Grant-road station:—The Hon. Sir Jamsetjee Jejeebhoy, Messrs. Pherozshaw M. Mehta, Dadabhai Naoroji, Vandravandas Purshotumdas, J. R. DR. DE ROOS'
CONCENTRATED GUTTÆ VITÆ OR VEGETABLE LIFE DROPS.

THE alchemists of old spent years in endeavouring to find out the means of transmuting the baser metals into gold, but in vain. It was, however, reserved for a physician of the 19th Century to make a far more valuable discovery in occult science—the result of deep research into the arcana of Nature's secret laboratories—which is here offered to the world; and the pleasing results of a quarter of a century, during which time this wonderful medicine has been tried in every quarter of the globe, all corroborate the most sanguine of the Inventor's hopes. Thousands of voluntary testimonials from grateful patients, testify to the fact that from this remarkable tonic alone, new life has been imparted to numbers of debilitated individuals; and it is not too much to say that hundreds of persons are at the present day in full enjoyment of their mental and bodily powers—in thorough good health—who previously were confirmed dyspeptic invalids, had been given up by the faculty as incurable, and left to drag out the remainder of their existence a misery to themselves, and a continual anxiety to their friends.
This great life-reviving medicine gives vitality and strength to the most shattered constitutions. It not only strengthens the system but purifies the blood, and promotes a healthy circulation of the fluids, thus imparting strength and tone to the nerves, enlivening and invigorating both body and mind. It greatly improves the appetite and restores the digestive powers, whilst for dyspeptic persons it is unrivalled. Those who (from long residence in hot climates) suffer from languor and relaxation, will also all persons going to the East or West Indies, should provide themselves with this important article of health.
Youth and age equally participate in the miraculous effects of this wondrous medicine, for whether the body be debilitated in early life, or sinking under the advance of years, a few doses will speedily afford assurance of returning health, by giving tone to the muscular and nervous systems, and through the organs of digestion, rejuvenating the whole constitution. To the young it affords health, strength, and spirits
